

# Sea in a Bottle

Materials Needed:

- plastic bottle
- Water
- Blue food coloring
- Clear, plastic gemstones
- Silver glitter
- Small sea shells
- Silver star sequins

**Add your water, loose parts such as sea shells, glitter and sequins to the bottle.**

**The ocean sensory bottle gives you the opportunity for your imagination to run wild - it's a great way to develop your cause and effect and fine motor skills. Children can learn about the different sea creatures, and the different oceans.**
